

MAY EQUALIZE LIVE STOCK AND GRAIN

Decision is Reached By Committee Considering Agricultural Schedule

IS FIRST BASIC CHANGE

Is First Change to Be Planned By Senate Democrats Since Bill Came from House

ALL WILL BE TREATED ALIKE

WASHINGTON, MAY 21.—Determination to equalize live stock and grains and their respective products in the Underwood tariff bill has been reached by the senate finance sub-committee considering the agricultural schedule. It has been agreed that if cattle, sheep, hogs, wheat and oats are to remain dutiable as the Underwood bill classifies them, then a duty shall be placed upon beef, mutton, pork, wheat, flour and oats, or if the products are to remain on the free list, the raw materials will be put on the free list.

This is the first basic tariff change to be planned by Senate Democrats since the Underwood bill came from the house. Whether raw materials and their products are to be free listed or all are to be made dutiable has not been determined but that all would be treated alike was asserted today by Senator John Sharp Williams, chairman of the sub-committee which has the schedule in hand. The decision it was reported had been reached with the knowledge of the president and not without his approval.

Will Make Many Changes. The Underwood bill puts a duty of ten per cent ad valorem on all live stock and free lists all fresh meats, all fresh meats, a duty of ten cents on bushel on wheat and oats and free lists wheat, flour and oatmeal. There are to be a great many changes in the bill in the senate was admitted today by Senator Simmons, chairman of the finance committee. He announced, however, that next Wednesday the sub-committee would begin framing the schedules and that they hoped to have the bill ready for the finance committee by June 1st.

The Democratic caucus he said, would be called for consideration of the bill about June 3rd and an effort will be made to report it to the senate the following week. The decision today of the majority members of the finance committee to close all private hearings on the bill next Tuesday has not met with Republican approval and an attack on this plan is looked for in the senate tomorrow. Simmons insists, however, that the private hearings must be ended by that time so that the committee members can get down to actual work of redrafting the bill.

Manufacturers Protest. Soap manufacturers appeared before Senator Johnson's subcommittee today protesting against taking certain essential oils from the free list and placing them on the dutiable list.

Senator Stone worked all day on the woolen manufacturers' schedule, while the sub-committee headed by Senator Williams took up the sugar schedule and listened to pleas from Louisiana and Porto Rico cane growers for a higher duty than promised in the Underwood bill.

G. A. R. VETERANS HOLD GREAT PARADE IN ALTON

Mattoon is Selected As Meeting Place For Next Year—Officers Will Be Elected Today.

Alton, Ill., May 21.—Governor Dunne, of Illinois, accompanied by Adjutant General Dickson and his military staff, rode in the parade of 2,000 G. A. R. veterans and 3,000 women and young men of auxiliary organizations here today, at the forty seventh annual encampment of the Illinois department.

The procession traversed a mile and was headed by soldiers, who too feeble to walk, rode in 250 automobiles. It is estimated that 1,000 erect in blue tramped the entire route.

Mattoon, Ill., tonight was unanimously chosen as the next scene of the annual Illinois G. A. R. encampment. Tomorrow officers will be chosen.

AWARDED \$20,000 DAMAGES.

St. Louis, Mo., May 21.—Subjected to a justice court trial a year ago, Mrs. Clara Manger, a society leader, was today awarded \$20,000 damages in the circuit court against four neighbors. She testified her health had been injured by her appearance in the justice court, where she was tried on a charge of threatening the children of Mrs. J. Goode Cabanne. She sued Mrs. Cabanne and three other neighbors for \$60,000, the sum later being reduced to \$30,000.

The other defendants are all prominent in society circles.

REPLY RECEIVED IN GOOD SPIRIT BY JAPS

SITUATION AT TOKIO TAKES MORE FAVORABLE APPEARANCE

Japanese Government Realizes Difficulties Under Which the Washington Administration Has Worked in Handling California Situation.

WASHINGTON, MAY 21.—Reassuring advices reached the state department from Japan late today indicating that the American reply to the protest against the California land law was received in good spirit by the Tokyo government and that the situation had taken on a much more favorable appearance than at any time since the negotiations began. Officials here admitted their satisfaction over the turn of events.

The dispatches related also that the Japanese government realized fully the difficulties under which the Washington administration had labored in handling the situation, understanding the dual system of government in the United States and the powers of legislation held by California.

Today's advices made no prediction of ensuing steps but in general they reflected a favorable view in Tokyo of the American note replying to Japan's protest. President Wilson, who had no small part in the writing of the note, is said to have described in most complimentary terms what he believed to be the real feeling of the majority of the American people toward Japan. The communication, it is said, pointed to California and only a part of California too, as having given evidence of a discriminatory disposition and insisted that the United States as a whole admired the progress that Japan had made in the last half century, respected the achievements of the Japanese people and was sincerely anxious to show that it regarded Japan on a basis of equality with all other powers and nations.

The note was about 10,000 words long and dealt chiefly with the spirit of the American people toward Japan, making little reference to the technicalities of the new law or the treaty but discussing Japan's contention that the California agitation was in reality an act of unfriendliness and discrimination toward the Japanese.

Officials here were not in the least opposed to publication of the document but decision on this point was left with the Tokyo government.

GIRL HELD UP CHAUFFEUR TO ESCAPE IN AUTO FROM MOTHER

Holds Revolver to Man's Back and Compels Him to Drive Her Away—Police Unable to Trace Her.

Omaha, Neb., May 21.—It became known today that Viola Bims, a 19 year old girl of Plains, Kans., last night held up the chauffeur of a passing automobile in the downtown district and forced him to drive to a suburb in order that she might escape from her mother.

Miss Bims came to Omaha recently to escape, she declared, from her stepfather. She was placed in the Good Shepherd Home here until her mother could reach the city. Last evening the mother went to the home and the daughter started with her to the station.

When they reached Thirteenth and Dodge streets, the young woman ran into the street, stopped the driver of an automobile at the point of a revolver and jumped into the car. She held the revolver at the chauffeur's back until they reached Thirtieth and Dodge streets where she left the automobile and escaped.

Police have been unable to trace her.

JEROME D. TRAVERS WINS GOLF TOURNAMENT

Outclasses Field of Ninety Players Finishing With Total of 15, for 36 Holes.

New York, May 21.—Playing almost faultless golf in the first half of the qualifying round and aking good recoveries out of trouble on two holes in the latter half, Jerome D. Travers of Upper Mont Claire, N. J., the national and metropolitan amateur golf champion, outclassed a field of ninety players to day at the second round of the Metropolitan championship tournament on the links of the Foxhills Golf Club, Staten Island.

Travers turned in a card of 73 for the first round and 78 on his second trip, winning the gold medal with a total of 151 for 36 holes. Travers' 73 for the first half was equaled by H. V. Garner of the Wykagyl Club but this player took 85 for the second round. Walter J. Travis wrenched his knee during practice yesterday and was so handicapped by the injury that he failed to qualify for further play in the champion ship division.

SHAW REPUDIATES BID.

Atlantic, Ia., May 21.—Leslie M. Shaw, whose bid of \$294,000 for the Atlantic, Northern & Southern railroad was accepted by the United States district court last Friday, today announced that he had instructed his attorney by telegraph, not to bid on the property.

Shaw's attorney, J. J. Hess, declares the telegram was not received until after the sale had been completed.

Judge Thomas, Arthur, whose court has had charge of the road for some time, today set June 2 as the date of re-sale if Shaw succeeds in repudiating his bid.

SECRETARY OF NAVY RIDES THROUGH AIR

ENJOYS EIGHT MILE JOURNEY IN FLYING BOAT

Lieut. Towers, Senior Officer of the Navy Aviation Corps, Acted as Pilot For Secretary Daniels and the Trip Was Made Without Trouble of Any Kind.

Annapolis, Md., May 21.—Secretary of the Navy Josephus Daniels today travelled eight miles through the air in a flying boat. "It was delightful; I enjoyed the sensation thoroughly," said the secretary after he alighted.

The secretary went up with Lieut. Towers, senior officer of the navy aviation corps, whose camp is across the river from the naval academy. Starting from shore, Lieut. Towers kept his craft on the water for about an eighth of a mile and then sailed gradually upward and toward the mouth of the Severn river and the Chesapeake bay. After about two miles of steady climbing in this direction a turn was made and the flying boat passed over the aviator camp at a height of about 500 feet.

As he sailed over Mr. Daniels waved his hand to the crowd below. A straight flight up the river of about four miles was made and then Lieut. Towers turned for the trip back and downward, landing in front of the point from which the start was made.

When he had landed the secretary talked of his sensations and mentioned the fact that by flying today, after having taken a dive in a submarine boat at Norfolk recently, he had gone down and up with the navy.

Asked if the noise of the engines was very loud, he said, it was not, but that it was difficult to talk.

"A congressman recently told me that was the case and I then said that would be a good thing to get an aeroplane for every member of congress if it would make talking difficult for them," he remarked, with a laugh.

Mrs. Daniels witnessed the flight from the naval academy.

OPPOSE BROWN BILL TO AMEND STATE LIBEL LAWS

Illinois Daily Newspaper Association Adopt Resolution, Also Opposing Hurburg Bill.

Chicago, May 21.—John H. Harrison of Danville, Ill., addressing the Illinois Daily Newspaper association at its annual meeting here today, wanted to know if there was a "jackpotter" in the state who was not in favor of a drastic libel law.

"The gentleman who has been accepting pecuniary balm to soothe his bruised conscience shows a certain reluctance in the matter of publicity," observed the Danville publisher. "Although he takes part, in his manner, in great public matters, he prefers to do so anonymously, so to speak. He is content to be good. Do good of course, means something else again when it comes to grafting."

The session was given over largely to discussing the proposed libel act under consideration at Springfield. Resolutions opposing the Lee O'Neill Brown bill to amend the libel laws of the state to establish a virtual censorship over news and the Hurburg bill suppressing fake patent medicine advertisements were adopted. It was explained that the papers do not publish fake advertisements anyway and the bill is a dangerous wedge aimed at freedom of the press.

INSANE AUSTRIAN KILLS HIS FIVE ROOMMATES

So Quietly Did the Murderer Work That Guards Sleeping Across the Hall Were Not Awakened.

Blackfoot, Idaho, May 21.—Peter Brodovich an insane Austrian, confined in the Idaho insane asylum here, killed his five roommates by beating them over the head with a table as they lay asleep this morning.

So quietly did Brodovich accomplish the killing that guards sleeping across the hall were not awakened. The heads of all five men were completely crushed. Brodovich was committed to the asylum two years ago from the penitentiary, where he was serving a life sentence for murder.

FEDERAL PROBE ASSURED.

Washington, May 21.—Federal investigation of the strike of coal miners in the Paint Creek region in West Virginia practically was assured today when the senate education and labor committee agreed to report tomorrow with amendments Senator Kern's resolution authorizing an inquiry.

TELLS HIS ACTIVITIES IN LAWRENCE STRIKE

Confessed Dynamiter Testifies at Wood's Dynamite Conspiracy Trial

SAYS HE REFUSED \$7,000

Witness' Story Ended in Declaration That He Refused to Accept \$7,000 from Lawyer

ATTEAUX "MAN HIGHER UP"

BOSTON, MAY 21.—Something of what went on behind the scenes in the city of Lawrence during the great textile strike of 1912 was revealed today at the dynamite conspiracy trial of President William M. Wood of the American Woolen company, Frederick E. Atteaux and Dennis J. Collins, by John J. Breen, convicted and confessed "planter" of dynamite.

Breen's story of his activities on behalf both of the strikers and the mill owners culminated in a declaration that he had refused to accept \$7,000 from Atteaux's attorney, Daniel H. Coakley, the lawyer who was cross-examining him.

Testimony previously introduced was that eight persons who had been arrested when dynamite was found in Lawrence, had later brought damage suits against Breen, who had planted the explosive. Breen testified that he had gone to Atteaux to get \$12,000 after his own counsel had told him that all the suits could be settled for \$12,000.

He denied that he knew that the damage suits could be settled at a lower figure when he was endeavoring to induce Atteaux to pay him \$12,000. Breen finally said that he had refused an offer of \$7,000 from Coakley himself because he would not agree to the terms. Asked by Coakley what the terms were, Breen replied:

"You told me to put most of it in my pocket and settle with the poor slob as cheap as I could. I did not want that kind of money and I rejected the offer."

Breen indicated Atteaux as the "man higher up."

Hired to Plant Explosive. He said that the dye manufacturer had engaged him to plant the dynamite and had arranged with Ernest R. Pitman, the Andover builder, who committed suicide when the grand jury began investigating the alleged conspiracy, to furnish the explosive.

Mr. Wood's name was mentioned only once and that was when Breen said he asked Atteaux if the mill man knew anything about the matter and Atteaux replied he did not. Of the five persons who have figured prominently in the alleged conspiracy, only two are really on trial. Breen was convicted last May, Pitman took his own life and Collins turned state's evidence yesterday, although in his testimony he implicated neither Wood nor Atteaux. His story of the part he played in the affair related wholly to his association with Breen.

Breen told in detail today of his acquaintance with Atteaux and said that at the witness' suggestion that the strikers be fought with their own weapons, Atteaux had engaged him to "plant" the dynamite, paying him \$700 in two installments. He described his movements on January 19th and 20th, when the dynamite was hidden, his story in the main corroborating the testimony already given by Collins.

SUSPEND INCREASE.

Washington, May 21.—An increase averaging about 30 cents a hundred pounds—approximately 35 per cent—in the freight rates on wheat from various points of origin in middle western states to destinations in the south was suspended by the interstate commerce commission to day until September 19th. An investigation of the advance will be made.

DIES OF HEART DISEASE.

New York, May 21.—Henry Wright Hubbard, for 34 years treasurer of the American missionary association was found dead tonight in a private booth in the offices of a downtown safety deposit company. Death was due to heart disease, according to the coroner.

Mr. Hubbard was born in 1844 at Elgin, Ill.

VETERANS CONDITION SERIOUS.

Washington, May 21.—Major General Lindsford Lindsay Lomax, one of the few high surviving Confederate officers who commanded troops in the Civil War is lying at his home here with a broken hip sustained in a fall two days ago at Warrenton, Va. General Lomax is 78 years old and because of his dined age physicians regard his condition as extremely serious.

SUFFER \$1,000,000 LOSS.

Brussels, Belgium, May 21.—The state railways of Belgium sustained a net loss of \$1,000,000 from the ten days strike for equal suffrage in April according to official statistics issued today.

BANKER DIES AFTER BRAVE FIGHT FOR LIFE

B. SANDERS WALKER SUCCUMBS TO EFFECT OF BICHLORIDE OF MERCURY

Young Millionaire, After Having Swallowed Poison by Mistake, Made a Remarkable Struggle Against Death and Kept His Courage to the Last.

BULLETIN.

MACON, GA., MAY 22.—B. Sanders Walker, who took bichloride of mercury by mistake here last Wednesday, died at 1:35 o'clock this morning (Thursday). He had not regained consciousness since early yesterday afternoon. His immediate family was at his bedside when he died.

MACON, GA., MAY 21.—Displaying in his few conscious moments the courage which has characterized his week's fight with death from poisoning, B. Sanders Walker tonight was expected by attending physicians to die at any moment. Although he has battled for life since last Wednesday, when he took a bichloride of mercury tablet by mistake, the young banker late today for the first time lapsed into unconsciousness. Since then he has regained consciousness only at intervals. A characteristic utterance made just before he went into a state of coma today, illustrates the remarkable composure with which he has faced death.

"If I am dying," he said, "then the sensation is not as it is generally pictured. If this be dying then none need fear its terrors."

Tonight attending physicians who have exhausted every method of treatment known to medical science, expressed the belief that Walker could not live more than a few hours.

Despite assurance of certainty of death as a result of his paralyzed organs, Walker's belief that he would recover was not shaken at a late hour.

One of the physicians made this statement: "It is my conviction that Mr. Walker is dying tonight. There has been no hopeful sign and he grows steadily weaker. If he is living by daylight, I will be surprised."

Efforts to ascertain the exact treatment Walker is being given tonight were unavailing.

The physicians declined to discuss this subject. It is understood, however, that they have been in close communication with physicians at the Johns Hopkins hospital in Baltimore.

LINER SENEGAL REPORTED BLOWN UP BY MINE

Unconfirmed Dispatch States Ship Struck Mine as She Was Leaving Smyrna With About 120 People Aboard.

Marseilles, May 21.—A private message received here says that the liner Senegal, of the Compagnie Des Messageries Maritimes, struck a mine as she was leaving Smyrna and was blown up. It is believed there were 200 people aboard. No confirmation of this dispatch has reached the company's office.

Tugs to Aid Rescue. London, May 22.—A Smyrna despatch to the Daily Mail says that tugs have gone to the assistance of the Senegal in the hope of saving life.

The Senegal left Marseilles last Thursday with about sixty passengers aboard and a crew of sixty.

CHICAGO MEN REQUIRE FIVE MILLION HATS A YEAR

Average Cost is Only \$1.20 Per Hat But Each Man Purchases Four or Five a Year.

Chicago, May 21.—It requires 5,000,000 hats a year at a cost of \$6,000,000 to cover the heads of Chicago men, according to a report made public by the Association of Commerce today. The fact was developed for the information of wives and sisters that the Chicago man pays an average of only \$1.20 for a hat and each man buys four or five of them a year.

The report shows that the hat industry of the whole country is controlled by about seventy-five manufacturers whose annual business is \$59,000,000.

"But," adds the report, "Chicago is the cradle of novel and extreme style in men's headgear. Its originators more hat styles than any other city."

REFUSES TO BAR POSTCARDS.

New York, May 21.—Chief City Magistrate McAdoo today refused to put a ban on picture postcards illustrating the turkey trot. He discharged a postcard dealer brought before him by Postoffice Inspector Comstock and advised Mr. Comstock that he considered the dance itself unlawful to direct his attention to some of the "fashionable places" where it was danced.

PLEADS NOT GUILTY.

Los Angeles, Cal., May 21.—Geo. H. Bixby, the Long Beach banker, pleaded not guilty to day to two indictments charging him with having contributed to the delinquency of minors. The pleas were entered after counsel for Bixby had failed to have the indictments quashed.

OWNED SEVENTY FIVE PER CENT ORE RESERVES

U. S. STEEL CONTROLLED THREE-FOURTHS OF WORLD'S SUPPLY

Charles M. Schwab Testifies in Government's Suit That This Fact Would Have Made It Impossible in 1901 to Have Established As Great a Corporation.

NEW YORK, MAY 21.—Because the United States steel corporation owned some seventy-five per cent of the ore reserves of the country it would have been impossible in 1901 to have organized another corporation its equal, Charles M. Schwab, first president of the corporation testified today in the government's suit to dissolve the corporation as an illegal combination.

Mr. Schwab said, however, that ores could have been imported from foreign countries and a corporation as big as the United States steel organized provided its plant were located in the east. He conceded on the other hand, that there were no other financial interests in the United States as strong as those which went into the corporation, namely J. P. Morgan & Co., the Rockefeller Standard Oil interests, the Carnegie interests and the W. H. Moore "group."

In his conversations with J. P. Morgan that led to the organization of the corporation he had never, he declared, discussed the alleged threat of Andrew Carnegie to build a tube plant in competition with the National Tube company, one of the concerns afterward taken over. This alleged threat, the government maintains was one of the factors which precipitated the organization. In connection with present conditions in the steel industry, Mr. Schwab testified that "if I live long enough and have the money," the Bethlehem Steel corporation, of which he is now chairman, would manufacture every product now produced by the steel corporation.

ARCHBISHOP O'CONNELL OF BOSTON RECEIVED BY POPE

Pontiff Talks of Conditions in United States and Shows Great Interest in Welfare of American Government.

Rome, May 21.—Cardinal William H. O'Connell, archbishop of Boston, after a long audience with the pope today, summed up the impression he had received in a comprehensive sentence.

"The pope," he said, "seemed like a man who, after a sleep had awakened fresher, stronger, revitalized."

During the conversation the pope demonstrated his intimate knowledge of conditions in the United States and displayed great interest in the welfare of the American government. He referred to the recent change in the administration, and also to President Woodrow Wilson and indicated how much he had heard the prosperity of the United States.

ONE THOUSAND W. VIRGINIA MINERS STRIKE AND QUIT HOMES

Are Living in Tents Furnished by United Mine Workers of America.

Charleston, W. Va., May 21.—The threatened strike of miners employed in the New River coal field of West Virginia occurred today. One thousand miners, many with their families, have quit their homes and tonight are living in tents furnished by the United Mine Workers of America.

The strike is due, it is alleged, because the coal operators have dismissed a large number of men owing to their affiliation with the miners' union. There was organized recently, in the New River field district 59, United Mine Workers of America. There are 15,000 miners in the New River coal field.

WETS HAVE BEST OF ARGUMENT WITH DRYS

Drys are Defeated on Two Occasions in House on Ballots Testing Power

HALT DRY LEGISLATION

Leaders Predict That Local Option Legislation is Dead for This Session

O'HARA IS EXONERATED

SPRINGFIELD, ILL., MAY 21.—The wets and dries of the house tested their strength twice to day and the dries were defeated both times. Unless the anti-saloon people can stir the senate into action on their bills and secure initiative action in the upper branch of the legislature, the probability is, leaders say, that local option legislation is dead for this session.

The first test of the strength was on the Henneberry-Boardman contest for the seat held by Henneberry, a wet member and the dries lost by a vote of 83 to 65.

The second loss was even more decisive. By a vote of 89 to 70 the house postponed for two weeks today's special order which included final consideration of "all the wet and dry bills on the house calendar."

Dismiss Contest.

The house elections committee to day dismissed the contest brought by Harry F. Holmberg, Democrat, for the seat held by Medill McCormick, Progressive in the 29th district. The vote on the motion to dismiss was unanimous. Only two contests for house seats are left now to be decided by the committee and these are in the hands of sub-committees.

The contests are against Representative Charles S. Graves, sixth district; and Fayette S. Munroe, eighth district.

In executive session the senate confirmed the appointments presented yesterday by Governor Dunne with out any opposing vote.

The special senatorial committee appointed to investigate charges of immorality against Lieut. Gov. Barrat O'Hara to day reported it finding, exonerating the lieutenant governor.

Miss Maude Robinson and Sam Davis were found to have acted reprehensibly and it was recommended that they be "censured and condemned."

The lieutenant governor left the chair when the report was presented. When he resumed the gavel he was applauded.

A spirited fight developed in the senate to day over the bill providing that women and girls shall not be employed more than ten hours in any one day or more than fifty four hours a week. After a heated debate the bill was sent back to the labor committee.

The railroad head light bill, over which the members of the house railroad committee have been wrangling ever since their appointment by Speaker McKinley, was favorably acted upon to day.

FIRE NEAR VIRDEN CAUSES LOSS ESTIMATED AT \$100,000

Flames At Royal Colliery Co's Mines Cause Great Property Loss—Miners Escape Injury.

Springfield, Ill., May 21.—Fire at the Royal Colliery company's mines near Virden tonight caused loss estimated over a hundred thousand dollars. The upper works, washery and shaft timber work were destroyed. Men in the mine made their escape through the escapement shaft while a force worked to prevent the fire from reaching the lower workings of the mine.

RELEASED ON \$150,000 BAIL.

New York, May 21.—Albert Freeman, convicted with Julian Hawthorne and others of using the mails

SCHOOL YEAR CLOSSES AT MURRAYVILLE

GRADUATING EXERCISES WERE
HELD THERE WEDNESDAY
NIGHT.

Exercises Took Place at Carlson's
Hall Where Program of Literary
and Musical Interest Was Given
—Ten Graduates Received Diplo-
mas—Address By Dr. G. W. Miller.

Murrayville School Graduates.

Elize R. Bown.
Catherine Agnes Burk.
Helen Elizabeth Crouse.
Ira D. Fanning.
Anna Loretta Farrell.
Ivalou Mae Gibson.
Emma Susan Henry.
Malinda McCarty.
Amy Ruth Mellor.
Sadie Edna Osborne.

At Murrayville Wednesday night ten graduates, the largest class in the history of the schools there received diplomas. It is an extra good class too and indicates that Prof. J. H. Dial's prediction will come true. Prof. Dial said yesterday that is an excellent class and at least some of them will make good I am sure.

The commencement exercises were held at Carlson's hall which had been appropriately decorated for the occasion with flowers, plants and flags. The platform was massed with foliage and streamers hung from wall to wall in graceful folds and fell about the class motto "and then" wrought in conspicuous letters.

The audience present completely filled the spacious hall. The culmination of the interesting exercises came of course when the diplomas were presented by Dr. G. W. Miller after he had given a few sentences of timely advice. These diplomas show that the ten young people completed the ten years work of the Murrayville schools with credit to themselves and the school and were therefore recommended to the board of trustees by Principal Dial. The board of trustees whose names give authority to the diplomas are J. E. Osborne, president; John Warecup, clerk and R. D. Mawson.

The program began promptly at 8 o'clock with a march played excellently by Miss Mildred E. Wright and as the notes were sounding members of the class appeared and took their seats on the platform. The invocation was by Rev. J. A. Biddle. Ira D. Fanning read a humorous selection "Brother Watkins" and entered into the spirit of it with good effect. He was followed by a quartet from the Junior class who sang in a way that pleased the audience, "Aunt Margery." The quartet includes Misses Beulah Ketter, Vella Neal, Cecil Cunningham and Mildred Wright. Their accompanist was Miss Stella Cunningham.

Miss Helen Elizabeth Crouse read "Farmer Whipple, Bachelor" in a delightful way. The reader entered with feeling into the fine thought of this Riley poem. Mrs. W. B. Rimbey who sang "Till the Sands of the Desert Grow Cold" has a soprano voice of good range and quality. Her accompanist was Mrs. C. R. Short. After this musical selection Miss Amy Ruth Mellor gave an oration on "Puritanism." The well prepared number presented a concise history of the origin of puritanism and told of the coming of the Puritans to America.

"Lonely Star" was the piano solo number which Miss Ivalou Mae Gibson played with ability. The piano number served as a fitting introduction to the reading "Bobby Shaftoe" by Miss Anna Loretta Farrell. The reading tells the dramatic story of the heroism of a "bad" boy at school who proved by his conduct in laying down his life for his teacher that he was "good" at heart.

With Miss Mildred Wright as accompanist Miss Beulah Ketter sang "Meet Me Tonight But Not in Dreamland." This young singer has a pretty soprano voice which gives promise of still better things.

Miss Malinda McCarty's reading was "A Girl's Conversation Over the Telephone." In a very laughable way she depicted the way that the average young girl carries on a telephone conversation with her friends. The next number was given by a quartet of ladies, Misses Stella Cunningham, Lulu Coultas, Mildred Wright and Mrs. Charles R. Short who sang with perfect harmony "Swanee Shore." Their accompanist was Willard Wesner.

"Tomorrow" was the theme of Miss Catherine Agnes Burk's oration in which the speaker pointed out very clearly the bad results which usually follow after procrastination. The orator urged the need for prompt action in all the duties of life.

A graduate of last year was Clarence E. Cunningham and he also contributed to the program of Wednesday night with his solo "Asleep on the Deep." Mr. Cunningham has a basso voice and uses it well. His accompanist was Miss Stella Cunningham.

Miss Emma Susan Henry gave as a reading "Guilty or Not Guilty." The story is about a mother who at the bar of justice is convicted of theft, the testimony developing the fact that her act was to keep her child from starvation. Miss Henry gave the selection in a way which showed her ability.

A very pleasing musical number was the solo "Just Awearin' for You," sung by Miss Sadie Edna Osborne with feeling and correctness. Miss Osborne's voice shows the training she has enjoyed. The accompanist was Miss Mildred Wright.

Possibly the most dramatic number of the program was the reading "On the Other Train" given by Miss Grace Jennings of the Junior class. It related a story of heart interest about a woman, old and worn, whose life ebbed out as she waited in a railroad station to take a train which would bear her to a poor farm.

The junior ladies quartet Misses Ketter, Neal, Cunningham and Wright gave another contribution to the program, singing excellently "Wouldn't You."

On account of illness the valedictorian of the class, Elize R. Bown, was unable to appear which was a matter of regret to all the class. From Prof. Dial it was learned that the young man had prepared a strong oration on "Napoleon," telling something of the life of the great general and emphasizing the point that Napoleon had a mission and fulfilled it. The valedictorian intended to say a few words of farewell to his classmates. Dr. G. W. Miller who is well beloved by many Murrayville people presented the diplomas to the graduates. He prefaced the presentation with a few timely remarks on "Making Good." He emphasized the necessity for earnest steady work, there is in the world, he hoped that none of the graduates would be afraid of work and that all of them would press forward in doing the duties of each day.

Diplomas were then awarded to Elize R. Bown, Catherine Agnes Burk, Helen E. Crouse, Ira D. Fanning, Anna Loretta Farrell, Ivalou Mae Gibson, Emma Susan Henry, Matilda McCarty, Amy Ruth Mellor, and Sadie Edna Osborne.

heart interest about a woman, old and worn, whose life ebbed out as she waited in a railroad station to take a train which would bear her to a poor farm.

The junior ladies quartet Misses Ketter, Neal, Cunningham and Wright gave another contribution to the program, singing excellently "Wouldn't You."

On account of illness the valedictorian of the class, Elize R. Bown, was unable to appear which was a matter of regret to all the class. From Prof. Dial it was learned that the young man had prepared a strong oration on "Napoleon," telling something of the life of the great general and emphasizing the point that Napoleon had a mission and fulfilled it. The valedictorian intended to say a few words of farewell to his classmates.

Once more Misses Cunningham, Wright and Coultas and Mrs. Short sang, the selection being "Love's Old Sweet Song," as an encore to the air of Marching Through Georgia they sang some original verses expressing in humorous vein their hopes for the graduates.

The benediction by Rev. Mr. Biddle closed the interesting exercises.

Prof. J. H. Dial, principal of the Murrayville schools has been there for thirteen years and under his competent direction the schools have done and are doing most excellent work. Prof. Dial has character along with real education, enthusiasm and heartily supported as he is by the school trustees he is in a quiet way doing great things at Murrayville. There are four rooms in the Murrayville schools, with from 150 to 160 scholars. The teachers who will work under Prof. Dial the coming year will be Misses Louise Mansfield, Mabel Hart and Alma Story.

Tomorrow night the annual reception given by the Juniors for the seniors will take place at the school building. Former students and invited guests will also attend.

Next Sunday evening Rev. J. A. Biddle will preach the baccalaureate sermon at the M. E. church.

Surprising Cure of Stomach Trouble. Jacob Hindelang, of Chelsea, Mich. was ill with stomach trouble and in such bad shape that he lived for two months on lime-water and milk. No man is Stronger Than his Stomach

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every man or woman, single or married ought to know. Sent free on receipt of 31 one-cent stamps to pay for wrapping and mailing.

LET the greatest athlete have dyspepsia and his strength will soon fail. One's stamina—forcefulness and strength of mind or muscle depend upon the blood, and the blood in turn, requires a healthy stomach, for the stomach is the laboratory where the food is digested and such elements are taken up—or assimilated—which make blood. In consequence all the organs of the body, such as heart, lungs, liver and kidneys, as well as the nervous system, feel the bad effect if the stomach is deranged.

Dr. Pierce's Golden Medical Discovery

helps the stomach to digest food properly, starts the liver into new activity, removing the poisons from the blood, and the various organs get rich, red blood, instead of being illly nourished. The refreshing influence of this extract of native medicinal plants has been favorably known for over 40 years. Everywhere some neighbor can tell you of the good it has done.

Sold by all medicine dealers in liquid or tablet form, or send 50 one-cent stamps to Dr. Pierce, Invalids' Hotel, Buffalo, and a trial box will be mailed you.

AN APPEAL FOR HOME INFLUENCE

Pathetic, shameful, disgraceful that a young man, young woman, should so-call graduate from a high school without the perfect knowledge of how to spell correctly, read and write correctly and above all, without the proper knowledge of how to occupy the precious minutes that are woven into life for either benefit or disgrace.

No act can express the awfulness of lost opportunity like man who has failed to accept the gifts of Heaven and earth, whereby great monuments for good might exist through eternity. Man who has been placed in the world with richest possibilities, with freedom to act, think, live; with a mind—wonderful beyond conception!

It is an injustice to lay all blame at the door of the public school system, at the doors of the superintendent or of the teachers, much less to unduly criticize the boy and the girl who depend almost entirely upon the home influence for success but fail to receive correct attention through lack of proper disciplining, lack of interest and enthusiasm; through the loss of companionship with parents.

Compare life and opportunity to that most tender and most beautiful flower, the rose. To grow and develop, the young plant must be placed in proper soil, not too wealthy in the luxury of earth but where there is a changing of sunshine and rain, giving it strength and beauty to bear the bud which must blossom into a perfect rose. But Ah! The greatest care and thought should be given to the plant and to the rose, that there be no mistake in the beginning. May there not be the slightest bruise to mar the usefulness. At the end of time, may the world which is the garden, have reason to boast of her plants and blossoms; may God, the great gardener rejoice in the efforts and fruits of the laborers.

A Citizen.

A man living at Auburn, New York, had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, nor to run up a heavy doctor's bill, he cured himself completely by using Foley's Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." He has had no return whatever of the pain, backache and burning. His name is J. A. Farmer, and he says "Of course I recommend Foley's Kidney Pills as a very effective cure for kidney and bladder trouble."

VETERANS RETURN FROM ALTON

A number of Jacksonville members of the Grand Army of the Republic returned Wednesday evening from Alton where they went to attend exercises in connection with the state encampment. Alton left nothing undone in extending hospitality to the visitors and the program included addresses by a number of eminent orators and patriots. Among veterans who returned Wednesday were Capt. W. A. Kirby, Capt. J. E. Wright, Capt. J. M. Schaub, Capt. Alexander Smith, L. R. Penfield, J. J. Vieira, George W. Wright, Benjamin Wood, Frank Wigginst, R. R. Stevenson, Frank Mosely, J. P. Self, W. H. Jordan, Charles Walker, and J. W. Pecker. The last mentioned was accompanied by Mrs. Pecker.

K. OF P. OF GEORGIA.

Waycross, Ga., May 21.—A large attendance marked the opening here today of the 44th state convention of the Knights of Pythias. Mayor Reed delivered an address of welcome at the opening session this morning and Grand Chancellor J. W. Austin of Atlanta responded for the visitors. This afternoon a barbecue was given at Winona park. Competitive drills will take place tomorrow. In the evening there will be a street parade of the Knights of Khorassan.

SEEK PROTECTION FOR BEARDSTOWN FROM FLOODS

Purpose is to Organize a Drainage District of Lands Near That River City.
Beardstown Enterprise: To fully protect Beardstown, all public roads leading to the city and much adjoining farm land, from the highest flood stages of the Illinois river, it is proposed to organize a drainage district for the construction of necessary ditches and levees. By the plan evolved at a meeting of a special committee from the city council and a special committee of the Chamber of Commerce, these levees will be constructed at the outer edges of the city so that the water will be held back a considerable distance from town.

The plan is to construct a levee 3-4 of a mile in length, extending from the proposed levees of the new district south of town, to Beardstown. A second levee about a half mile long would then extend along the Chandlerville road from shift to shift, thus protecting the public road, serving to enlarge the roadway and at the same time protect all land which has heretofore overflowed because of this slough.

The plan under consideration includes a ditch completely around the city, with a pumping plant at the lowest point which will be near what is known as Littlefield's ditch south of the city. The B. & O. and the C. & E. & Q. railroads are expected to assist liberally in this work. According to agent M. A. Rush the B. & O. spent nearly \$3,000 this spring, sandbagging their tracks during the high water. \$6,000 from the "Q", and \$4,000 from the B. & O. is counted upon by the committee. Cass county and the city of Beardstown will also assist in defraying the expenses and land owners benefited will bear their share of the cost.

The work would require the building of about 1-2 miles of levee and the digging of about 4 miles of ditches. The old Combes' addition levee would then be done away with entirely as the water would be held back nearly a mile from this present levee. Besides protecting Beardstown, the proposed district would greatly benefit hundreds of acres of land which now overflows nearly every year.

FAILURE OF MANAGER TO ARRIVE CAUSES CHANGE OF DATE.
The camera man for the Advance Film Co., who was due to be in Jacksonville on Wednesday May 21 and Thursday May 22, had not arrived late last night. Mr. Hunt wired the company's officials at Chicago, but no explanation has been forthcoming.

Wednesday it would have been impossible to have taken pictures because of the clouded sky, had he been here. The auto parade will be postponed another day in order that no one will be disappointed. The date for the big parade will be Friday at 10:30 a. m. unless otherwise announced.
If he arrives to day notices will be telephoned from the office of the Chamber of Commerce giving parties ample time to make preparations for the pictures.
It was a great disappointment that plans have not been worked out according to the schedule published, but we will do the best that is possible under the circumstances.

COMMERCIAL SERVICE BY DEPARTMENT OF COMMERCE.
The daily publication by the bureau of foreign and domestic commerce of the department of commerce, of a series of trade notices or "trade opportunities," indicating the chances for the sale of American goods in foreign countries, has resulted in many sales by American merchants, who are quick to take advantage of the chances for business brought to their attention. These "trade opportunities" are reported by consular officers and are published in connection with the "Daily Consular and Trade Reports." In some instances, as a result of the publicity given to these "opportunities," additional export trade to the amount of thousands of dollars has resulted from a single trade item. Many local commercial associations watch the service and invite the attention of their exporting members to items of probable interest to them. On May 7, for example, an Indiana business association reported that one of its commission merchant members recently sold a large consignment of apples, and another member a consignment of lumber as a result of this service, and many like reports are being received.

PARASOLS, IN THE NEW DOME SHAPE, SPECIAL AT \$1.98

Everyone who has seen these new sun-shades has become enraptured with their beauty. The new dome shape is a decided departure from the lines upon which parasols were formerly made, the cover extending far down and enveloping the features in a manner which is most bewitching.

In purchasing this assortment we endeavored to include all the wanted shades, so that every woman may have a parasol to harmonize with the rest of her outfit. Some are of pure white with colored stripe or fancy borders, others in nobby figured effects—and a number of styles are featured in the Bulgarian silks. (See display in South Window.)

There is nothing cheap about these sun-shades but the price. The covers are of first quality silk and should retail at \$2.00, \$2.50 and \$3.00; but to introduce the new style we are offering you choice of the lot, for this week only, at..... **\$1.98**

FEAR OF FOUL PLAY REMOVED BY BOARD'S INVESTIGATION

Relatives Thought Body of Inmate of Local State Hospital Had Been Stabbed.

When the body of Frank Rogers, who died at the Jacksonville State hospital, reached the home of relatives in Farmersville, sensational reports of alleged mistreatment and death due to stabbing were spread and as a result the state board of administration investigated the case, the probe removing all fear of foul play.

The body bore a number of incisions, which the probe revealed were made by physicians to liberate pus from blood poison and the undertaker who embalmed the body was summoned as a witness. He explained the reasons for the two incisions made in the body by him. The first was made under the right arm in order to reach an artery for the injection of the tube, but believing that a good circulation of the fluid could not be had from this incision, he entered the body through the man's neck.

The Power of the Cross
A Wonderful Two-Reel Melodrama.

This photo-drama is of a similar school of literature as Hall Caine's "The Christian," and though a different tale, will suggest that great play. A young clergyman through an unfortunate marriage is tempted to renounce God and the church and fight his battle as a layman, but the good offices of a pure woman overrules his passion and hand in hand they go forth to bear the burden and teach "The Power of the Cross."

Arthur Johnson plays the role. An absolute guarantee, one of the best pictures ever put on a screen.

RED MEN WILL GO TO SPRINGFIELD

CHOSEN AS MEETING PLACE FOR NEXT YEAR.

Great Council Votes General Fund of Eighty Cents and Orphan Fund of Thirty Cents Per Member—Great Sachem Makes Appointments—Resolutions Adopted.

Springfield was chosen as the meeting place for next year, at the closing sessions of the 36th annual gathering of the Great Council of Improved Order of Red Men held here Wednesday. At the day's business session it was voted to assess each member eighty cents as a general fund and thirty cents for the orphanage fund. Various committees were appointed and resolutions of thanks to the people of Jacksonville for their hospitality were adopted. The entire gathering was one of the most successful in the history of this organization. The members of Delaware Tribe and other orders, the Chamber of Commerce and all citizens joined in extending every courtesy to the large number of guests in the city and expressions of appreciation were heard on every side by the parting members.

Special Orphanage Fund.

Considerable time was spent by the council in both Tuesday and Wednesday's business sessions relative to the special fund to be used for the orphans of the organization. There are now nearly half a hundred orphans in the state of Illinois and the council, by a glance into the future, realizes that in the coming years there will be a necessity for such a fund. The Model bill, as adopted by the United States council, was the one voted upon and it was adopted by the assembly. Thirty cents was the amount voted to each member and this orphans' fund will be controlled by a board consisting of "The Old Chief of Mattoon," A. H. Sutherland, Carl Lager of Geneva, Thomas Donner of Glen Carbon. It was voted that the annual per capita tax for the coming year should be eighty cents; this with the orphanage tax makes each member pay during the coming year \$1.10.

George E. Green of New York, Past Great Inchoonee, represented Great Inchoonee Carl Foster of Connecticut, raised the chiefs in impressive ceremony. In the election of great representatives to the Great Council of the United States, F. W. Jones of East St. Louis and Charles T. Bish of Springfield were chosen.

Appointive Officers.

Great Sachem A. L. Somers named the following on the appointive offices:

Finance—John Moore, Danville; Solomon Blank, Mount Carmel; E. H. Hinners, Virginia.

Mileage and per diem—William Delay, Danville; C. A. Hess, Chicago; William A. Bryson, Thayer.

Judiciary committee—E. V. Guston, East St. Louis; Joseph Fogleson, Moline; Harry Ballard, Litchfield.

Board of appeals—Eugene Bone, Springfield.

Past Year Prosperous One.

The past year under the leadership of Great Sachem Stuttle of Litchfield has been a prosperous one. The year before he came into office the council had a fund on hand of \$620. This year when the report was made it showed figures aggregating \$2580. As retiring Great Sachem, Mr. Stuttle was presented a beautiful emblem of the lodge, the presentation speech being made by Frank C. Smith of East St. Louis.

Great Sachem A. L. Somers made a brief talk after the raising of the officers. He thanked the council for the high honor they had conferred upon him and made it very emphatic that if the order was to go on to still higher achievements the council would have to look to the special aid of the rank and file. He appealed to every member to do all he could this coming year in every department.

For Forty Years a Member.

Owen Scott of Decatur has the honor of being a member of the Red Men for forty years, having joined May 12, 1873. In recognition of his long membership he was presented a handsome badge, the presentation speech being made by Past Great Sachem Thompson of Moline. Mr. Scott in accepting the gift was greatly moved by the action of the Great Council. He asked for a rising vote of those present and it was found that in nearly every instance all had joined in the last forty years. Mr. Scott is Past Grand Master of the Masons and Past Grand Master of the Odd Fellows.

New Officers of State.

The following are the new officers of the state:

Great Sachem—A. L. Somers, Westville.

Great Senior Sagamore—W. E. Stone, Mason City.

Great Junior Sagamore—John A. Sweet, Marshall.

Great Keeper of Wampum—Jos. F. Brennan, Jacksonville.

Great Keeper of Records—O. L. Whitmer, Springfield.

The appointive officers by Great Sachem Somers follows:

Great Saganap—V. A. Gindra, Chicago.

Great Mishenewa—Robert Steer, Kewanee.

Great Guard of Wigwam—W. R. Schultz, Springfield.

Great Guard of Forest—B. O. Cook, Duquoin.

Resolutions Adopted.

The following resolutions presented by Chairman Kapps of the resolutions committee were read and adopted:

"Resolved, By the Great Council of Illinois that a unanimous twig of thanks be extended to Mayor George W. Davis and the other citizens of Jacksonville for the cordial hospitality extended to the members of the great council and their friends during the sessions of

the thirty-sixth annual great council; to Delaware tribe No. 78 and its individual members, particularly the great keeper of wampum, J. F. Brennan; and to the Chicago degree council for the beautiful exemplification of the work of the order; and to the Red Men's band of Chicago for the music furnished so abundantly.

"Resolved, That we congratulate the people of Jacksonville and the great reservation of Illinois on the wonderful work that is being done in the educational institutions located here, the visits to which have been a revelation to us in the way of disseminating knowledge to the deaf and dumb and the blind; we congratulate the people of Jacksonville on the culture and beauty of their city and the evidences of abundance and plenty which everywhere abound.

"Further, Resolved that our thanks are due the various fraternal orders of Jacksonville who have so kindly accorded us the use of their halls, a favor which we deeply appreciate.

Fraternalities Are Thanked.

The resolutions of thanks to the various fraternal organizations of the city follows:

"Chiefs and Brothers: During the assembly of the great council in Springfield, G. S. D. 421, ten letters bearing the names of their respective officers and seals of the several lodges were read from the following fraternal societies of the city of Jacksonville:

"Favorite lodge, K. of P. 376, O. H. Cook, K. of R. & S.

"Jacksonville lodge No. 570, A. F. & A. M., by E. L. Kinney, secretary.

"Jacksonville council No. 568, K. of C., by James McGinnis, grand knight, and Leo McGinnis, financial secretary.

"Urania lodge No. 243, I. O. O. F., by Charles J. Roberts, secretary.

"Harmony lodge, No. 3, A. F. & A. M., by John R. Phillips, secretary.

"Illini lodge No. 4, I. O. O. F., by Thomas Hughes, secretary.

"Unity Grove Camp No. 132, M. W. A., by Louis Piepenbring, clerk.

"Jacksonville lodge No. 152, K. of P., by E. E. Grassly, K. of R. & S.

"Order of Owls, by C. F. Doying and O. N. Barr, trustees.

"Ridgely Encampment No. 9 I. O. O. F., by T. C. Phelps, scribe.

"They contained an urgent request to bring the present session of the great council to this city, pledging all assistance, the use of the halls and whatever called upon to do in the entertainment and care of the guests; Delaware tribe No. 78, I. O. R. M. feels duly grateful to the sister lodges of our home city in this unusual display of real fraternity and we in great council wish to express our appreciation of the splendid courtesy shown the members of the I. O. R. M. and cannot too highly commend such manifestations of friendship and suggest that this communication be made of record, and that Delaware tribe No. 78, I. O. R. M. will suitably notify the various orders of this action taken in the great council of I. O. R. M. of Illinois.

Resolution on Eugenics.

"Whereas, Many children and older persons are suffering because of the diseases of parentage, we, the Improved Order of Red Men, favor a most careful selection in healthful marriages, and a line of instruction on eugenics, so that the rising generations may be a stronger and better race, entitled to the name, "The Improved Order of Humanity."

Our thanks are also extended to the Journal and Courier for the excellent accounts of the convention proceedings.

POCAHONTAS VOTES FOR ORPHAN FUND

Each Member Will be Taxed Sum of Ten Cents For Care of Children—Appointive Officers Made Known.

The closing sessions of the Grand Council of Pocahontas were held Wednesday afternoon. The council voted to adopt the Model bill of the United States Council relative to the orphanage fund and also voted that each council in the state should hold an entertainment during the year, the proceeds to go toward this fund. The Council expects to care for all their orphans without putting them in an orphan's home, special attention to be paid to their education. Each member will be taxed 10 cents and funds are also expected from bequests and legacies.

Donated Silk Flag.

Mrs. Anna Burkey of Bloomington, who was elected Great Minnehaha, has donated a silk quilt of the American flag to the Great Council. Hundreds of numbers will be given out, each one representing ten cents, and the one who has the lucky number when the Council meets in Springfield next year will be given the quilt. The fund will be used for the orphans.

Reports were heard from the various officers. An amendment to the constitution was made giving the Great Pocahontas \$150 for the purpose of visiting weak councils during the coming year.

The board appointed to look after the orphans' fund consists of Past Great Pocahontas Mrs. Mary Johnson of Bloomington, Past Great Pocahontas Mrs. Carrie L. Gee of Chicago, Mrs. Vera J. Curry of Peoria.

Resolutions of Thanks.

The Council in session by a rising vote extended their thanks to citizens of Jacksonville and the two local Pocahontas organizations for the gracious manner they were treated while in Jacksonville.

The new officers of the council follows:

Great Pocahontas—Carrie L. Gee, Chicago.

Great Winona—Mary Delay, Danville.

Great Minnehaha—Mrs. Anna Burkey, Bloomington.

Great Prophetess—Mrs. Anna M. Boggs, Kewanee.

Great Keeper of Records—Mrs. Nellie Gentzler, Decatur.

Very Remarkable Cure of Liver Complaint.

Mr. Albert Walker, of Proctor, W. Va., suffered intense pain in the stomach and right side at intervals for fifteen years. He had consulted eight or ten physicians and while they all agreed that he had liver trouble, they failed to relieve him. He was eventually cured by Chamberlain's Tablets. If you have any trouble with your stomach or liver, these tablets will certainly do you good. For sale by all dealers.

VILLAGE BOARD MEETS.

Routine Business Transacted at Adjourned Session of South Jacksonville Body.

An adjourned session of the village board of South Jacksonville was held Wednesday evening when routine business was transacted. President Hackett was in the chair and the roll call showed all members present excepting trustee Graff. The minutes of the last two meetings were read and approved and all properly approved bills were ordered paid.

The street and alley committee reported that the laying of the sidewalks on Pennsylvania avenue was nearly completed and the board instructed the committee to purchase a grader for the village. A petition was read asking to lay 600 feet of concrete sidewalk on Michigan avenue and the matter was referred to the street and alley committee with power to act.

The bonds of the president and the treasurer were accepted and a count of the poles and telephones in the village was ordered taken for assessing purposes. The president was instructed to confer with the attorney in regard to opening West street, Park Avenue and Dewey Park. This matter had been pending for some time and the board wants action taken on it.

The building of the walk to Diamond Grove cemetery will be rushed rapidly, and the prospects for securing the money are quite good. The board adjourned until the next regular meeting, June 4.

RAILWAY CLAIM AGENTS MEET.

Baltimore, May 21.—The "safety first" movement and the liability and compensation laws as applied to the railroads are the principal subjects slated for discussion at the annual convention of the Association of Railway Claim Agents, which held its opening sessions in Baltimore today. Mayor Preston delivered an address of welcome at the initial session. Tomorrow the visitors will take a trip to Annapolis and down the Chesapeake bay.

a TIZ bath. Your toes will wriggle with
joy. They'll look up at you and almost
talk, and then they'll take another dive
in that TIZ bath! Yes, TIZ is life to feet!
The man or woman who says there's
nothing like, or as good as, TIZ never
had a foot in a TIZ bath. You'll be able
to wear smaller shoes, too, when you use
TIZ; your feet will keep cozy.
Miss M. Pearl Lloyd, Glendora, Wis., got
one box of TIZ for her mother. "She has
had sore, tender feet for a long time,"
writes Miss Lloyd, "but after using TIZ
her feet are not troubling her."
TIZ operates under a new principle,
drawing out all the poisonous exudations
that make feet sore, corny and tired.
There's nothing else like TIZ, so refuse
any imitation. If anyone offers you a sub-

POLITICAL GOSSIP AT THE NATIONAL CAPITAL

Senator Sherman Announces Com-
mittee to Urge Calling National
Convention of Republican-Democratic
and Progressive Doings.

Washington, May 21.—Senator
Lawrence Y. Sherman of Illinois, who
presided over the conference of Pro-
gressive Republicans in Chicago yes-
terday announced the committee
which he was authorized by that con-
ference to select to call upon the
Executive Committee of the Republi-
can National Committee here next
Saturday to urge the calling of a na-
tional convention looking to the
"rehabilitation" of the Republican
party.

Senator Sherman names Senator
Albert B. Cummins, who was re-
sponsible for the Chicago conference
chairman of the committee. The
other members named are ex-Gov.
Hadley of Missouri, Senator Coe I.
Crawford of South Dakota, Senator
Wesley L. Jones of Washington, Rep-
resentative Sidney Anderson of Min-
nesota, Representative John J. Rod-
gers of Massachusetts and Repre-
sentative Louis F. Crampton of Mich-
igan. All of these men are sup-
posed to be in harmony with the
declarations of the Chicago con-
ference.

Representative Anderson of Minne-
sota is a Progressive Republican,
who succeeded James A. Tawney, but
who has received recognition from
Minority Leader Mann, who placed
him on the House Ways and Means
Committee. He assisted materially
in the fight on the Underwood tariff
bill during its consideration, helping
to draft several of the substitutes for
schedules and participating in the
debate. Representative Rodgers of
Massachusetts succeeded Butler
Ames and is a Republican, without
perfix, as is Crampton of Michigan,
who made a successful campaign
against a Bull Moose candidate as
well as a Democrat.

About all that can be expected of
the Executive Committee meeting
Saturday will be the ultimate refer-
ence of the suggestion for calling a
national convention or conference to
the full membership of the national
committee. While men who were
prominent officially in the last Re-
publican national convention under-
stand that a bare majority of the
full committee favor a calling a con-
vention, there is no authority for it,
according to other old war horses of
the party, especially if the call were
included the three propositions
which were debated by the Progress-
ive conference at Chicago.

The Republican congressional
committee will be organized early
in June, according to the present
program. Many Republican con-
gressmen are restive under the
present inactivity, and feel that
golden opportunities are being
wasted right now by not waging a
publicity campaign and acquainting
the country of the way the Demo-
crats are running a steam scythe
through protected industries of the
country.

The Bull Moose adherents in the
last campaign are performing some
even more fantastic stunts than they
executed in the last campaign.
For instance, Senator Moses E.
Clapp of Minnesota, who was one of
the most aggressive Bull Moose
orators in the last campaign intro-
duced a bill in the senate today
which practically puts the stamp of
disapproval on Senator Joseph M.
Dixon for acting as chairman of the
Bull Moose committee.

Senator Clapp's bill makes it un-
lawful for any senator or repre-
sentative in congress to serve as a
member of any political committee,
organization or club having to do
with the management of a party
campaign, and forbids senators and
representatives from soliciting or re-
ceiving, directly or indirectly, any
contribution to be used for cam-
paign purposes.

Senator Clapp explained that he
was inspired to introduce the bill by
the revelations before the committee

which investigated campaign funds.
One effect of the senator's bill if it
should become a law would be to
abolish the congressional campaign
committees. At present the con-
gressional committee is made up of
one member of congress from each
state, and it manages the biennial
campaigns for the election of mem-
bers of the house of representatives.

PARISIAN SAGE.

The Hair Grower Now Sold in Amer-
ica on Money Back Plan.

It's a mighty good thing for the
women of America that Parisian
Sage can now be obtained in every
town of consequence.

No preparation for the hair has
done so much to stop falling hair
and eradicate dandruff and make
women's hair beautiful as Parisian
Sage.

Parisian Sage is the only certain
destroyer of the dandruff microbe
which is the cause of 97 per cent
of hair troubles.

These pernicious, persistent and
destructive little devils thrive on the
ordinary hair tonics.

Parisian Sage is such an extra-
ordinary and quick acting rejuven-
ator that Coover & Shreve, who are
the agents in Jacksonville guarantee
it to cure dandruff, stop falling hair
and itching scalp in two weeks or
money back.

It is a magnificent dressing for
women who desire luxuriant, lus-
trous hair that compels admiration.
And a large bottle of Parisian
Sage costs only 50 cents at Coover
& Shreve and leading druggists all
over America.

BAPTISTS MEET IN DETROIT.
Detroit, May 21.—The Baptists
are in possession of Detroit today.
They fill railway stations, hotels,
boarding houses and street cars.
Thousands of more clergymen and lay-
men of the denomination had ar-
rived in time for the opening sessions
of the Northern Baptist convention
today. Many more delegates are on
the road and will be here when the
convention gets under way. The con-
vention headquarters are located at
the Woodward Avenue Baptist church.
Numerous other Baptist churches of
the city are to be used for the de-
partment conferences.

The proceedings of the convention
will continue an entire week. The
sessions of today and tomorrow have
been allotted to the various inter-
ests of the Foreign Mission society.
The principal subject of discussion
will be the movement for the ad-
vancement of missionary activities,
for which campaign is now on to
have every member of the Baptist
denomination contribute 10 cents
weekly to the cause.

Bible work, social science, col-
portage, chapel cars and Sunday
school lessons will be discussed at
the sessions of the Publication soci-
ety, which are to be held Thursday
evening and Friday. The remaining
days of the convention will be taken
up with the annual meetings of the
Women's Home Mission society, the
Historical society and the Young Peo-
ple's society. The convention ses-
sion will be delivered Sunday morn-
ing by Rev. Lathan A. Crandall of
Minneapolis.

BANKING QUESTIONS SENT TO MERCHANTS AND OTHERS

Senate Committee Is Looking For
Information on Which to Base De-
sired Currency Reform.

The following is a list of ques-
tions being sent out by the senate
committee on banking and currency
to merchants, economists and bank-
ers all over the country:

What are the essential defects of
our banking and currency system?

What if any are its advantages
over those of European countries?

What are the chief purposes to be
attained in an improved banking and
currency system?

Should the Vreeland act be ex-
tended after its expiration in 1914
if so, should it be amended?

Should a new system include state
as well as national banks?

Should national banks continue to
issue bond-secured currency?

Should the present requirement of
reserves for national banks be re-
duced or otherwise changed?

Should additional currency be per-
manent or temporary?

Should individual banks or central
associations issue the additional cur-
rency?

Should there be one central reserve
association or a number, and if the
latter, how many?

What should be the limit in
amount of such additional currency?

Should it be secured by deposit
with the treasury, and if so, what se-
curities should be permitted?

Should a gold reserve be required
as against an issue of currency, and
if so, what amount or proportion?

What method of preserving an
elastic condition of currency should
be adopted?

Should a tax on an additional is-
sue of currency be level or graduat-
ed?

If graduated, should it be as to
time or quantity?

Should a central control of reserve
associations be established either by
them or by the government, or by
both?

Should reserve associations be
stock companies?

Should the liability of each mem-
ber bank in a reserve association be
limited or unlimited?

Should reserve associations accept
any deposits except those of banks?

Should government deposits be
placed with reserve associations? If
so, at what interest, if any?

Should national banks be required
to keep their reserves in their own
vaults and with their own re-
serve association?

Should reserve association be
permitted to discount commercial
two-name paper for member banks?

Should they be permitted to make
direct loans to member banks, and if
so, should security be required?

Should the rate on discounts be
the same for all, and should this
rate be published weekly?

Should the rate on direct loans be
higher than the discount rate, and
should it also be the same to all?

Should a reserve association have
transactions with banks not mem-
bers, either in its own territory or
outside, and if so, what character of
transactions should be permissible?

What, if any limit should be placed
on transactions between one reserve
association and another?

CUBS WIN FROM BOSTON BRAVES

Bostons Score Five in Eighth off Ruelbach and Cheney

Heinie Zim's Homer in Third Counts Four Runs--Cubs Score Again in Sixth and Eighth

BOSTON, MAY 21.—Chicago won again from Boston today 6 to 5. Ruelbach held the locals safe up to the eighth inning when he was driven from the box and Boston scored five runs off him and Cheney. Chicago in the third inning massed a double, two singles and a home run, the latter by Zimmerman for four tallies and bunched hits off Hess in two other sessions for single run. Score:

PHILLIES CAPTURE ONE SIDED CONTEST FROM REDS

Pound Three Cincinnati Hurlers For Twenty Safe Hits and Win 12 to 0.

Philadelphia, May 21.—Cincinnati received the worst defeat of the season today when Philadelphia won 12 to 0. The home team drove Johnson and Harter off the rubber in three innings each and by making three hits off Smith's delivery ran their number of safeties to twenty for 31 bases. Cravath made four singles and a triple in five times at bat. Seaton held Cincinnati to 3 hits. Home runs were made by Anderson and Seaton. Score: Cincinnati . . . 000 000 000—0

CHAMPS DEFEAT WHITE SOX 10 TO 9

Collins Driven from Box in Ninth When Sox Score Six Runs

Joe Woods Saves Game in Last Inning By Retiring Borton at First

CHICAGO, MAY 21.—Boston defeated Chicago 10 to 9 in an exciting batting bee to day. Benz started for Chicago but was wild and retired in favor of Lange. Ray Collins had everything his own way until the sixth inning when he began to show signs of weakening and before the ninth inning as over he was driven from the box. Bedient was sent in but he failed and Wood was called upon to save the game for the visitors with two out and the bases full. He proved equal to the occasion by throwing Borton out at first.

CARDINALS WIN SECOND GAME OF SERIES FROM GIANTS

St. Louis Won in the Eighth When Konetchy's Single Scored Evans and Sheppard.

New York, May 21.—St. Louis won its second successive game from New York today 4 to 3. Tesreau held St. Louis to four hits but was wild, issuing six passes. Sallee, though hit harder than Tesreau held St. Louis to four hits, but was wild, issuing passes. Sallee, though hit harder than Tesreau was effective in the pinches. St. Louis won in the eighth when Konetchy's single drove home Evans and Sheppard. Score: St. Louis . . . 100 010 020—4 4 4

The Kitty league is composed of clubs in Cairo, Vincennes, Paducah, Clarksville, Owensboro, Hopkinsville, Henderson and Harrisburg. A compact and fast little circuit.

ON THE SIDELINES.

At last Cincinnati's Johnson has blown up. It took the clouting Phillies to turn the trick. Twenty hits against three for the opposition should come near establishing a record for this season. The Quakers are simply running away with the rest of them. Won't somebody head 'em off?

President Murphy is watching those Cubs of his on the Boston diamond and may be his threat to reorganize is responsible for the brace in the Evers camp. At any rate the team is playing much improved ball.

Stallings has his Boston Braves gather in the club house for a lecture before each game. Unless they pick up in their work ere long he will be reading the riot act instead of a curtain talk.

Pittsburgh continues to climb. And her per contra, Brooklyn to slide. Wagner's presence in good health seems to make a new team of Fred Clarke's gang.

That was a fearful beating the Tinkers took from the Quakers. And just when the Reds seemed to be picking up too.

The reason why Len Schroeder is covering left for the Senators when not pitching is that Jolly, the regular man, is out of the game with a bum leg. Len always was handy with the stick.

League cast offs are finding the pace in the Three Eye pretty close to that in the big show. At least those who have "dropped" into the circuit find difficulty in winning. It may be that they blame it on their "support." An old dodge with has-been pitchers.

Cy Falkenberg has won eight straight for Cleveland. Pretty good for a come-back. There are others in the American association who may get another chance in the big arena before long.

Fans may recall Connaughton, a pitcher who Frank Belt had in his first year in the Kitty league. Connaughton made his reappearance in that league Tuesday as a member of the Vincennes team and was beaten 11 to 5 by Owensboro, allowing 14 hits.

Pekin won the opener in the I-M. league against Streator, 6 to 3. It was stopped in the eighth by rain. "Spider" Diehl is still with the Celestials and Jack Herbert is playing second base as of yore.

HUSBAND TIRED OF SEEING HER SUFFER

Procured Lydia E. Pinkham's
Vegetable Compound,
which made His Wife
a Well Woman.

Middletown, Pa.—"I had headache, backache and such awful bearing down pains that I could not be on my feet at times and I had organic inflammation so badly that I was not able to do my work. I could not get a good meal for my husband and one child. My neighbors said they thought my suffering was terrible. "My husband got tired of seeing me suffer and one night went to the drug store and got me a bottle of Lydia E. Pinkham's Vegetable Compound and told me I must take it. I can't tell you all I suffered and I can't tell you all that your medicine has done for me. I was greatly benefited from the first and it has made me a well woman. I can do all my housework and even helped some of my friends as well. I think it is a wonderful help to all suffering women. I have got several to take it after seeing what it has done for me."—Mrs. EMMA EPPENSHADE, 219 East Main St., Middletown, Pa.

The Pinkham record is a proud and honorable one. It is a record of constant victory over the obstinate ills of woman—ills that deal out despair. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Lungs Affected By Rheumatism

Pneumonia, Bronchitis, Asthma and Anemia
Often Directly the Results of Rheumatic Blood.

If you have a persistent, nagging, bronchial cough, or if you have colds, and if they are merely local in action, and if they do relieve it is the narcotics that do it. What you require is a blood purifier, a searching antidote that removes from the circulation the acid poisons that by their redness attack all weakened, susceptible spots and thus create local symptoms. The very best remedy known is Swift's S. S. S. You will find it on sale in any drug store at \$1.00 per bottle. It goes straight into the blood, becomes an internal blood bath, wonderfully stimulates the increase of red corpuscles, cures all the local fever spots and irritations, increases appetite, you take on flesh and feel a wonderful sense of renewed strength. Hundreds of people worried beyond control at cough, pains in the chest, sore throat and constant expectoration of thick mucus have experienced the most wonderful change after using S. S. S. All doubt and apprehension is gone, these peculiar pains and aches vanish, there follows a period of most intense rejoicing to find that worst fears were based entirely upon a mistaken notion that cough and chest pains come from the lungs. You quickly realize it after using S. S. S. for a few days. Get a bottle of S. S. S. today at the drug store and then say good-bye to all these pains that have worried you.

Write to Swift Specific Co., 137 Swift Bldg., Atlanta, Ga., for medical advice and wonderful facts concerning the greatest blood remedy ever known.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment—gave out a stunted and of atmosphere, seemed never to achieve a healthy growth?

A lot of watering will not help a plant that has a canker eating out its heart. You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vasoline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Wherever the hair falls out the germ is healthy hair is the sure result.

CENSUS FIGURES ON COAL MADE PUBLIC BY BUREAU

Immense Sums Invested in This Industry—Pennsylvania is Preeminent in Production.

Washington, D. C., May 21.—Statistics of coal mining in the United States for 1909 are given in a bulletin soon to be issued by Director Durand of the Bureau of Census, Department of Commerce. It was prepared by Special Agent D. A. Morrow under the supervision of Isaac A. Hourwich, expert special agent for mining.

The total production of coal in the United States in 1909, in round numbers, was 460,000,000 tons. The total tonnage of bituminous coal was 379,000,000 and the total tonnage of anthracite 81,000,000. The mines which made complete reports produced 458,000,000 tons, of which 408,000,000 tons were produced for sale or for use as fuel, and 50,000,000 (of bituminous coal) were converted into coke at the mines, producing 32,000,000 tons of coke. (A few other mines with a small production of coal—about 2,000,000 tons—which did not furnish full statistics as to value, expenses, etc., were operated by penal institutions, are not included in these figures.)

The total value of all products of the industry was \$577,143,000, and the total net expenses of coal mining and coke manufacture at the mines were \$530,359,000, of which about four-fifths was for wages and salaries. The number of wage earners employed at mines with complete reports was 743,000.

Anthracite coal is produced almost exclusively in a comparatively small area in eastern Pennsylvania. The most important bituminous field is the Appalachian, extending from western Pennsylvania and eastern Ohio southwestward as far as Alabama; the next most important is that embracing a large part of Illinois, southwestern Indiana, and part of western Kentucky. The large areas in North Dakota and the Rocky Mountain states are mainly of lignite and subbituminous coal.

The marked preeminence of Pennsylvania among the coal mining states is shown. In 1909 Pennsylvania produced nearly half the total coal output of the United States. The anthracite industry was practically confined to this state, and its bituminous tonnage was greater than that of any other three states combined. Next in order were West Virginia, Illinois and Ohio. Together these four states mined 75.9 per cent of the total coal production of the United States.

As showing the great development of the coal mining industry from 1889 to 1909 the total output was 141,000,000 tons in 1889 and 460,000,000 tons in 1909, an increase of 319,000,000 tons, or 225 per cent. By far the greater part of this increase was in the bituminous production, which rose from 95,629,000 tons to 378,975,000 tons, an increase of 283.3 per cent. In Pennsylvania the increase in the bituminous output was 101,491,000 tons, in West Virginia 45,591,000 tons, in Illinois 38,792,000 tons, and in Ohio 17,886,000 tons, or 280 per cent, 732 per cent, 320 per cent, and 179 per cent, respectively.

The average value per ton has increased in every region except the Rocky Mountain, Northern Great Plains, and Pacific Coast. For the entire country the increase for bituminous coal was from 99c in 1889 to \$1.07 in 1909; in the Appalachian field, the most important, the average value of bituminous coal was 85c per ton in 1889 and 95c in 1909, and that of anthracite, \$1.47 and \$1.84, respectively. In general, the increases in average values may be ascribed to higher wages and greater cost of mine supplies.

Capital Invested.

The capital invested in coal mines and the output and value of coal produced were more than three times as great in 1909 as in 1889, and the acreage of land controlled was more than four times as great. By far the greater part of this development took place in bituminous mining. In general, from 1889 to 1909, both the average expense of production and the average value of coal increased. This is especially true of anthracite. In 1889 the average expense reported per short ton of anthracite was \$1.34, as compared with \$1.72 in 1909, while the average value per short ton was \$1.44, as compared with \$1.84 in 1909. The increase in expense amounted to 38c per ton and the increase in value to 40c per ton. The average wages increased 31c per ton.

The corporate form of organization predominated among the producers of coal in 1909. The 1,942 corporations comprised 52.6 per cent of the total number of concerns reporting, operated 68.3 per cent of the total number of mines, employed 93.6 per cent of the wage earners in the industry, and produced 94.6 per cent of the entire quantity of coal mined. While there were also 1,058 individual operators, 664 firms and 31 others reporting, nearly all of these were relatively small concerns. For corporations the average production per operator was about 223,000 tons, for firms 20,000 tons, and for individuals 8,000 tons. The average wage payment per ton for anthracite produced by corporations was \$1.15, as compared with 95c for the output of other concerns, but the latter figure includes no valuation for the services of the 72 proprietors performing manual labor.

Of the entire output of coal in 1909 nearly one-half was mined by operators known to be closely affiliated with railroads or industrial concerns. Producers connected with railroads mined more than one-fourth of the total coal production, and more than three-fourths of the total in the case of anthracite. The coal mining subsidiaries of iron and steel companies produced about one-tenth of the total tonnage, and those of other industrial concerns nearly as much.

Size of Mines.

While the size of both anthracite and bituminous mines varies widely, yet, broadly speaking, the scale of operations is much larger in the former than in the latter. While many bituminous mines in 1909 produced more than 250,000 tons each, and some exceeded 500,000 tons, the average for all bituminous mines covered by the census was only about 63,000 (short) tons, and for all "commercial" mines—that is, mines selling in general markets—only about 76,000 tons.

On the other hand, the average output of anthracite mines in 1909 (not counting washeries and river dredges) was nearly 250,000 (short) tons. By far the greater part of the anthracite mined is produced by comparatively large collieries. The average size of mines, both bituminous and anthracite, has increased materially since 1889.

The reports show a marked degree of control by large producing organizations. In the anthracite industry nine mines, each having a value of product exceeding \$5,000,000 or over together reported one-fourth of the total value of products, while the 68 operators each having products valued at \$1,000,000 or over contributed more than half the total. In the bituminous industry production is relatively much less closely concentrated in the hands of great companies than in anthracite mining.

Control of Anthracite.

Eleven concerns, each of which reported 100,000 acres and over, together held nearly 2,700,000 acres, or almost one-third of the total acreage reported by all operators in the United States; and 130 operators, each reporting 10,000 acres and over, together held over 5,600,000 acres, or more than two-thirds of the total acreage reported. At the other extreme, 1,275 operators, each reporting less than 100 acres, while comprising more than one-third of the total number of operators, together held less than 50,000 acres, an insignificant fraction of the total. The control of anthracite land is far more concentrated than that of bituminous.

THE GREAT RAYMOND MASTER OF MIRACLES

DELIGHTS HUNDREDS BY HIS
CLEVER WORK.

Opera House Crowded by Men and Women Who Look in Wonder and Amazement at World's Renowned Wizard.

"Seein' his believin', but feelin' the naked truth", says an old Scotch proverb, but if ever one feels inclined to question the applicability of that it is after a couple of hours spent in witnessing the wonderful performance of Raymond, "Master of Miracles", at the Grand Opera house this week.

To see him is not to believe him for thereby one would have to accept miracle-working as a latter-day fact. This is one forced to admit having been pleasantly fooled, puzzled and mystified by this cleverest of illusionists. Out of the hurly-burly of uncanny sensations of a hundred and one mysterious movements, or very solid bodies vanishing into ether, of flesh and blood things manufactured at a moment's notice of bonds and boxes burst but not broken, and of many other surprises that cannot be extracted clearly from the mass.

Raymond is full of tricks, deception just comes pouring out of him all over, he makes his audience feel foolishly myopic and pleasantly foolish but never is guilty of keeping them waiting long for more.

No sooner has he produced a fowl from any egg, say, then he is off making a farmhouse for it—or something like that.

He serves steaming hot coffee to the audience, coffee made from paper cylinders in full view of the audience.

He catches pigeons from the empty air, makes little boxes grow big in the twinkling and then extracts charming young ladies from them, and transforms his assistants on a Throne of Mystery in a most amazing manner.

From his wonderful Noah's Ark he produces about as many birds and animals as came out of the original craft and this in spite of the fact that it has been shown just a moment before, to be absolutely empty.

A charming young lady, with a huge Merry Widow hat materializes from "nowhere"; a hand, carried down into the audience, raps out answers to questions asked by people in the audience; a head, separate from a body, smokes a cigarette and answers questions; entirely empty dishes provide a bountiful supply of bon-hons.

Then there is that wonderful illusion, "metempsychosis", which for several presentations puzzled the great Edison.

"Astrola", the most startling of all aerial illusions, is alone worth the price of admission.

The above are a few of the many unsolved mysteries to be seen in the Great Raymond show.

When the curtain rises on the Raymond show it discloses a gorgeous sight as the entire stage hangings and fittings are of elegant silks, velvets, silver and gold. Raymond even carries his own elegant cut-glass Chandelier that nothing may be lacking in the way of perfect appointment. In fact a fortune is represented in the investment and the equipment consists of 70 tons of Stage Paraphernalia; requiring 16 assistants to handle this colossal magic entertainment.

This is more than three times as much as is carried by any other Magician in the world. Special matinee Saturday at 2:30 p. m. Five reels of pictures free, starting at 7 p. m.

An Excellent Cough Medicine.

END LIVER TROUBLE WITHOUT CALOMEL

Untrustworthy Drug. Thought to Loosen the Teeth, Now Made Absolutely Unnecessary.

Dr. Edwards' Olive Tablets—the substitute for calomel—are the mildest but surest laxative known, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. Dr. Edwards has been calomel's uncompromising foe. His efforts to banish it brought out these little olive-oil-colored tablets, a rare combination of vegetable compounds mixed with olive oil. These pleasant, harmless little tablets do all the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel at all, but to let Olive Tablets take their place.

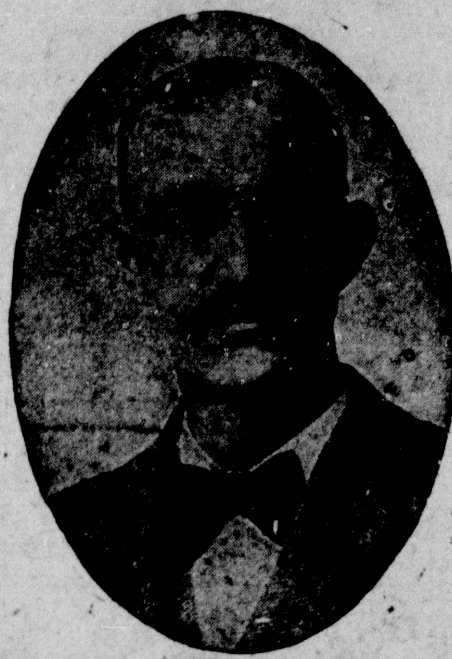

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" the clouded brain and how they "perk up" the spirits.

At 10c and 25c a box. "Every little Olive Tablet has a movement all its own."

The Olive Tablet Co., Columbus, Ohio.

No matter how long you suffered or what other remedies have failed to cure Foley Kidney Pills will surely help you. They are genuinely tonic, strengthening and curative, build up the kidneys and restore their regulation action. John Veibert, Foster, Calif., says: "I suffered many years with kidney trouble and could never get relief until I tried Foley Kidney Pills which effected a complete cure." City Drug Store, J. A. MORTUARY

Piles.

The remains of Mrs. Caroline Piles, who died at the Jacksonville State hospital Tuesday afternoon at 1:30 o'clock, was sent from the Reynolds Undertaking establishment to Clinton Wednesday, accompanied by her son-in-law, A. E. Stone.

Lash.

Funeral services for Mrs. Antonia Lash were held from the residence of her daughter, Mrs. John W. Hall, 1128 North Diamond street, Wednesday afternoon at 3 o'clock in the presence of a large gathering of relatives and friends. The services were impressively conducted by Rev. W. E. Spoons, pastor of Northminster Presbyterian church. Music was furnished by Mrs. Scott, Mrs. DeFrates, Edward Nunes and John Vasconcellos, with Mrs. William Day as accompanist, and the flowers, which were many and beautiful were cared for by Mrs. Ida Shaw, Miss Hazel Mapes, and Mrs. Ella Vasconcellos.

Interment as made in Jacksonville cemetery and the bearers were: Joshua Vasconcellos, Ira Mapes, John Shaw, John Baptist, John Ornellas and Frank Vieria. Among those from a distance to attend the services were Mr. and Mrs. Antonio Fernandes of Hannibal, Mo.

Souza.

Jewel Lucille Souza, the little daughter of Henry and Emma Souza passed away at the family residence, one and one-half miles east of the city, Wednesday evening. She was born July 3, 1911, and is survived by her parents and the following brothers and sisters: Henry, Harry, Otto, Renard, Willie, Ada, Ethel, Laura and Rose.

Funeral services will be held from the family residence Friday morning at 10:30 o'clock in charge of Rev. W. E. Spoons, pastor of Northminster church. Interment will be made in Jacksonville cemetery.

Our Little One.

Gently the Savior led her,
Lamb of the heavenly fold,
Safe from the world's temptations,
Safe from the tempter bold;
Lifted above all sorrows,
Sheltered from every ill,
Sheltered from every danger,
Kept by the Father's will.

Gently the Savior led her,
Never to err or stray,
Never to fail to wander
In the forbidden way;
Sorrow nor pain can touch her,
Trouble nor earthly ill,
Never the sun shall smite her,
Never the cold blast chill.

Gently the Savior led her,
Up to his own abode,
Making an easy pathway,
Smoothing the rugged road;
Short is the way, and pleasant,
Guarded by heavenly love,
Sure is her home forever
Safe in the realms above.

Gently the Savior led her,
O, what protecting care,
Guiding to cool, sweet waters,
Resting in pastures fair;
Brief is the earthly journey
Trodden by the little one's feet,
Yet to what joy leadeth,
Endless and full and sweet.

Gently the Savior led her,
Up to the fold above,
Into His care we yield her,
Trusting His tender love,
Tenderest expectation,
Whispers forever more,
All that the heart surrenders
Heaven will at last restore.

MISS CLARA MAE ADAMS

WEDS MR. ALFRED BROWN

Popular Young People of Waverly Community Were Married At High Noon Yesterday—Will Reside On a Farm.

A very pretty home wedding was solemnized Wednesday at high noon, when Miss Clara Mae Adams, the daughter of Mr. and Mrs. James Adams became the bride of Mr. Herman Alfred Brown, the ceremony taking place at the home of the bride's parents, 2 1-2 miles northeast of Waverly, Rev. R. B. Hubbard of the Waverly M. E. church officiating.

Preceding the ceremony Miss Clara Ranson of this city sang "O, perfect Day," and "I Love You Truly" by Carrie Jacobs Bond, and "Oh, Promise Me," by De Koven. The bridal party entered while the wedding march from Lohengrin was being played by Mrs. Clarence Adams, with violin accompaniment by Miss Helen Mott and flute accompaniment by Miss Olive Mott, both young ladies from Athens, Ill.

The bridal party was led by Master Orland Brown and Little Dorothea Mae Adams, niece and nephew of the bride and groom. They were dressed in white and carried white satin baskets filled with narcissus. Next followed Mr. Royal Oakes of Bluffs and Mr. Roy Brown. The attendants of the bride were Miss Myra Brown, sister of the groom, as bride's maid and Miss Edith Ford of Greenville, a cousin of the bride, as maid of honor. Next came the bride and the groom.

The ceremony was read during which time "Melody of Love" was played. The bride was gownned in white satin, trimmed with beaded chiffon and wore a veil caught up with orange blossoms. She carried a large bouquet of white roses. The bridesmaid and maid of honor wore gowns of pink satin and carried pink carnations.

The parlor was decorated in green and white while in the dining room, a pink and white combination was carried out. After congratulations the guests repaired to the lawn where an elegant dinner was served.

The bride is the only daughter of Mr. and Mrs. James Adams. She received her education at the Waverly high school and later attended the Illinois Woman's college. She is a young woman of many accomplishments and greatly loved for her amiable disposition. The groom is the son of Mr. and Mrs. Herman Brown and is a young man highly respected. He is accounted one of the prosperous farmers of that community and the young people expect to be at home to their friends in a newly completed home north of Waverly, after June 23. They received many handsome and useful presents.

About one hundred and seventy-five guests were present, those from a distance being Miss Dora Atchison, Red Oak, Iowa; Royal and Harry Oakes of Bluffs; Misses Helen and Olive Mott, Mr. and Mrs. Shirley Van Wormer of Athens; Mrs. Albert Brown, Dora, Otto and Carl Brown and Miss Clara Loges, of Carlinville; Mr. and Mrs. Fletcher Blackburn, Miss Zillah Ranson, Mr. and Mrs. Homer Ranson, Mr. and Mrs. Henry Richardson, Mr. and Mrs. Luther Smith, Mr. and Mrs. John Lazenby, Mr. and Mrs. David Coultas, Miss Clara Ranson, Mr. Bert Ranson, Miss Eva Lazenby, Mr. and Mrs. Lee Adams all of Jacksonville; Miss Mae Leaverton of Springfield and Mrs. Henry Stone of Chicago.

SOCIAL EVENTS.

Miss Helen Obermeyer was given a happy surprise last night at her home on North Church street by a number of her friends, the occasion being her birthday. Games and music, together with dancing, afforded amusement until a late hour.

The Ladies' Aid society of Clark's Chapel met Wednesday afternoon at the home of Mrs. Elmer Nicholson. Besides the members there was present as guests from Jacksonville, Mrs. Clara Lindsay and Miss Lizzie Peterson. The annual election of officers for the ensuing year was held and resulted as follows: Miss Anna McDonald, president; Mrs. Austin King, vice-president; Mrs. Earl Cox, treasurer; Mrs. Dimmitt Trotter, secretary. After the duties of the afternoon came to a close refreshments were served and a pleasant social hour was enjoyed.

The senior class of the high school will hold their banquet tonight at 7:30 o'clock at the Peacock Inn. Members of the faculty will be guests of honor.

The Bridge Whist Luncheon club was entertained Wednesday by Mrs. U. G. Woodman of West Lafayette avenue. The luncheon was served at 1 o'clock and the afternoon was spent at bridge. Prizes were won by Mrs. Felix Farrell and Mrs. J. T. King.

ROYAL WEDDING GUESTS.

AUTOISTS ABANDON MACHINE

Wednesday C. N. Armstrong, A. W. Morris and Harry Clegg of Chandlerville started to come to Jacksonville via automobile and encountered a heavy rain before reaching Virginia. They managed to pull through the mud to Virginia where they left the automobile and made the remainder of the trip on the train. On going through Little Indian they found the roads quite dry.

CALLED TO SPRINGFIELD.

Mrs. Nelson McMurphy was called to Springfield Wednesday evening on account of the critical illness of her mother, Mrs. T. P. Garrison. Mrs. Garrison is 83 years of age.

GARDEN PARTY GIVEN AT

HOME OF DR. AND MRS. PITNER

Ladies of Grace and Brooklyn M. E. Churches Give Benefit For Passavant Hospital Under Auspices of Hospital Aid Society.

Fairview, the home of Dr. and Mrs. T. J. Pitner on West College avenue was the scene Wednesday afternoon of a most enjoyable garden party given by the Hospital Aid society, and the ladies of Grace and Brooklyn churches for the benefit of Passavant hospital. The wealth of flowers in the garden and as decorations in the house the excellent literary and musical program, the dainty luncheon, together with the financial success of the undertaking combined to make the event the most successful entertainment of its kind this year from every standpoint.

Four girls from the School for the Deaf gave "Nearer My God to Thee" interpreted by Miss Mary Martin. Some fine musical number were given on the Victrola. Among the most enjoyable features of the program were the readings by Miss Frances Frazee and Miss Helen Moore. Miss Frazee read "The Christening," "The Young Man Waited, Why?" and "The Kitchen Clock." "Fin de Siecle" "Mamma's Lullaby," Song of the Deezers and "The Charge of the Mad Brigade" were the selections by Miss Moore.

The luncheon was served in the dining room on account of the coolness of the afternoon. At the close of the entertainment it was found that the total receipts had been \$27.50.

The superintendent of the hospital Miss Ida Venner, together with the nurses were entertained at supper by Mrs. Pitner after the party.

Assisting Mrs. Pitner from Grace church were, Mrs. John R. Davis, chairman; Mrs. F. E. Baldwin, Mrs. J. N. Ward, Mrs. J. W. Lane, Mrs. H. L. Griswold, Mrs. Nelson McMurphy, Mrs. G. E. Baxter, Mrs. Joseph Capps, Mrs. Ellis, Mrs. Grant Graft, Mrs. Shurtleff, Mrs. William Barr Brown and Mrs. E. L. Crouch.

The Brooklyn ladies assisting were Mrs. J. H. Clements, chairman; Mrs. Geo. Stacy, Mrs. Charles Redding, Mrs. W. R. Brittenham, Mrs. J. W. Moon, Mrs. Everett Whitlock and Mrs. Harry L. Clemens.

Those who assisted at the punch bowls were Misses Louise Capps, Catherine Milburn, Bernice Redding, Alice Wadsworth, Edna Scott, Millcent Rowe, Lillian Davis, Clara Belle Hopper and Eleanor Capps, Mrs. Geo. Orear and Mrs. Harry Wood.

Mrs. J. T. Little of Alexander has gone to Mt. Sterling to attend the twentieth congressional district, Federation of Woman's clubs, and will visit with her sister, Mrs. Demster and other relatives in Mt. Sterling, Quincy and Meredosia.

SUFFERS FRACTURED HIP.

Mrs. J. C. Henderson, who resides in the Arcadia neighborhood, tripped on the binding of the linoleum in the kitchen at her home Wednesday morning, and fell, sustaining a fractured hip. Dr. A. E. Obermeyer was called and gave the necessary attention and she is resting easily. The injury is made doubly serious on account of the lady's advanced age.

THE TEMPERATURES.

The temperatures for Wednesday, according to G. H. Hall, weather observer at Alexander, were: maximum 79, minimum 36. A rainfall of .07 inches was recorded.

ILLINOIS STATE NEWS.

Is Youngest Graduate—Chester claims the distinction of having the youngest high school graduate of the year. Walter Bothie Rae, who was 15 years old February 15, completed the full four years' Latin course in the Chester high school and was graduated with his class recently.

Decatur Has Heavy Mail—Over four tons of mail is handled each day in the Decatur postoffice including incoming and outgoing mail. This is the figure obtained from the weighing of mails during the months of March and April and just now completed. The month of March was just a few tons, about three altogether, heavier than April, but this is undoubtedly due to the fact that there is one more day in March than in April.

LOCK AND KEY SUDDENLY DISAPPEAR FROM COUNCIL

"Big Injun" Says That They are in King Phillips and Kewanee Wigwams—Mayor Davis on Still Hunt For Property.

The sudden disappearance of the Lock and Key brought by Great Sachem Stuttle to the Red Men's convention, has occasioned no little concern among the members in session the past three days. Mayor Davis has been on a still hunt for the precious articles and the guilty party will be "showed up" if found out. But tradition has it that keys and locks have mysteriously disappeared before, some located and others never. At the State Red Men's convention held in Kewanee there was taken a big key 14 feet long, and 14 inches wide at the base. After a long search the key was finally located in the Wyoming Tribe.

Last year when the state convention was in Springfield, Mayor Davis had a large key made and took it over the Capitol City. He presented it to the Great Council and told them that when they met in Jacksonville in 1913 the lock would be ready for the key which would admit them to the city and its privileges. With much dignity and ceremony the key brought here by the Great Sachem was placed in the lock and thus the convention was opened in Jacksonville. The pretty key and lock and ceremony attended thereto was too much for the coveting eyes of some visiting tribes, hence their disappearance. One of the "Big Injuns" declared yesterday that he was certain that the key was now in the King Philip Wigwam at Moline and the Lock in the Kewanee wigwam at Kewanee. The "Big Injun" remarked that "Mayor Davis might guess where the precious articles were from former war dances."

WITH THE SICK.

Thomas F. Smith was called to Springfield Wednesday evening by the illness of his father who is considered in a critical condition. Mr. Smith has attained the age of 99 years and until quite recently has been enjoying good health, but is now very ill.

S. H. McCausland of West College street is out after being confined to his home for several weeks by an attack of indigestion.

SERVED WITH AN

INDIANA REGIMENT.
